Plastic Plates, forks, knives and napkins

That's All?

Rest easy, we will take care of everything once your order is placed. Don't hesitate to speak with Will regarding any special concerns. During holidays, we have special menu items such as roasted turkey and nitrate free corn beef, just ask. Since we are supplied by many small family owned vendors, not everything is available everyday. However, if we do substitute an item, it will be equally delicious. We strive to make you, the host, look good!
